

MEGA MEDICAL CAMP

On 3rd October 2017 B H Gardi College of Engineering and Technology has arranged Mega Medical Camp under NSS (National Service Scheme). The lamp was enlightened by D V Mehta Sir and Kiran Shah Sir. Prof. Virang Oza, Dr. Vishal Soni and Prof. Vaibhav Gandhi were also present at the opening of the camp.

Under this Mega Medical Camp, Blood Donation, Free Thalassemia Test, Free Eye Check up, Blood stem cell donation and Organ donation were arranged. Before some days of this camp, to aware students about the importance of the blood donation, stem cell donation, organ donation and Thalassemia test, videos regarding the same were spread among students.

Blood Donation Camp

AT 18 YOU GROW UP, AT 18 YOU DRIVE, AT 18 YOU GIVE BLOOD TO KEEP SOMEONE ALIVE.....

As we all know, Blood is the most precious gift that anyone can give to another person, Blood Donation Camp was held in Ayurvedic Hospital Building during 8:30am to 1:00pm. A team of doctors and nurses of **FIELD MARSHAL Blood Bank** came for blood donation. The faculties, non teaching staff and students had enthusiastically participated in the blood donation.

Arrangements of tea, coffee and glucose biscuits were there for the blood donors. More than 100 people had donated their blood in that camp.

Free Thalassemia Test

Thalassemia is a blood disorder passed down through families (inherited) in which the body makes an abnormal form of hemoglobin, the protein in red blood cells that carries oxygen. The disorder results in excessive destruction of red blood cells, which leads to anemia. Anemia is a disorder in which your body doesn't have enough normal, healthy red blood cells (RBC).

Prevention is better than cure, before you get married, Check yourself for Thalassemia Test

Under this tag line "Thalassemia Test" was also organized for first year students at Ayurvedic Hospital Building with the support of **Rotary Club of Rajkot Greater**. All the first year students were examined for Thalassemia and were addressed to be given their reports within 15 days. Approximately 163 students were there for Thalassemia test.

Free Eye Check up

Another initiative taken by our institute with the help of **Rotary Club of Rajkot Greater** was Free Eye Checkup. This free eye checkup was held for all the drivers of the institute.

Organ Donation Registry

Recycle your life, be the organ donor

Organ donation registry camp was also organized at Ayurvedic Hospital Building with **Vivekanand Youth Club**. More than 100 students as well as faculties had registered their selves for an organ donation. This shows the enthusiasm of the students to save someone's life.

Stem Cell Donation

Over 80 diseases and disorders can be treated with a stem cell transplant. There are hundreds of patients in India waiting for a match, but only 1 in 2 find a match. Patients are more likely to find a matching donor from within their own ethnic group.

Stem cell donation camp was also arranged at our campus with the support of **Datri Group**. In this camp, doctors addressed our NSS volunteers to take the saliva of mouth and pack that saliva in a packet and that saliva was taken for the test. Students of our college passionately gave blood for the test. Approx 46 students took part in this camp.

Mr. Ashish Lodhiya, President Rotary Club Rajkot Grater, Mr. Paresh Kalavadia, Secretary President Rotary Club Rajkot Grater, Mr. Yesh Rathod, Presedent Elect Rotary Club Rajkot Grater, Mr. Bhavesh Vegda, Past President Rotary Club Rajkot Grater and all board members were also present to make this camp more memorable. As all these activities were organized under NSS, this is huge achievement for the volunteers of NSS and Prof. Nirav Mehta.
